NATRIA™

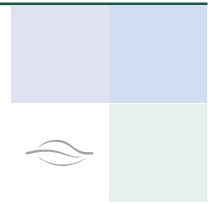

Personal Skin Care Consultant

NATRIA personal care products are formulated to nourish, protect and strengthen your skin while refining your beautiful appearance.

No matter what your skin type, the basic principles of skin care remain the same. A twice-daily regimen of cleanse, tone, refine and moisturize is essential for beautiful, healthy skin. The key is to determine your skin type and any specific skin care concerns you may have, then choose products that support your skin's unique characteristics and requirements. Use this Personal Skin Care Consultant to create a regimen that perfectly suits your skin's needs.

The NATRIA product line incorporates an exclusive combination of ingredient complexes that provide the essential elements required for complete skin nutrition. Next to each product name you'll find the specific ingredient complexes that fortify each formulation. Refer to these ingredient complex descriptions on the back and discover the skin-nourishing benefits of each NATRIA product.

For beautiful, healthy looking and feeling skin, NATRIA is your ideal source of skin nourishment.

Nature's Skin Nutrition™

Sensitive Skin

For those with sensitive skin, the skin's natural barrier is often seriously compromised – meaning that the skin's outer layer is letting in potential irritants and letting out vital moisture. While some people do inherit irritation-prone skin, for others it's actually what is done to the skin on a daily basis that breaks down its defenses and causes sensitivity, such as using skin care products with harsh or irritating ingredients.

The **NATRIA** product line is fortified with NatriPlex™ - our exclusive moisture-replenishing complex. This complex penetrates and replenishes the barrier, helps increase skin's natural production of moisture, and restores essential hydration. NatriPlex technology ensures that Natria products are formulated to address the needs of sensitive skin. The Nourishing regimen for normal to dry skin is an ideal solution for sensitive skin.
